The Center was established in 1991 to meet the childcare needs of parents and grandparents who are students, staff, faculty and alumni of UNMC/Nebraska Medicine/UMA and UNO. Children are provided a quality program designed to meet their physical, emotional, social, and intellectual needs through stimulating activities in a nurturing and accepting atmosphere. This is done with sensitive, caring staff working in partnership with parents and families. Our goal is for each child to realize his or her potential in a secure and loving environment. The Center operates Monday through Friday from 6:30 a.m. to 5:30 p.m. We are licensed to serve children from 6 weeks of age through 7 years.
