	Revised: February 2009
	Reviewed: October 2012
	Reviewed: May 2017
	Reviewed: March 2022
	Revised: August 2025

Policy

1. All nursing courses may be audited (taken on a non-credit basis) with the permission of the Instructor and the Undergraduate Program Director or division assistant dean. Students who audit courses are not held responsible for course assignments, do not participate in clinical laboratories, and receive no credit. The fee for auditing a course is one-half the current resident credit hour fee.
2. A course which is audited may be changed to a credit course with permission of the Instructor and the Undergraduate Program Director or division assistant dean before the late registration period ends provided that the student meets the course prerequisites. Students accepted or enrolled in the College of Nursing will have priority for class space over auditing students.
