Context and Principles
Students have the right to file a grievance against faculty for violations of the UNMC Code of Conduct or other relevant policies, and grievances related to conditions that adversely impact the student's ability to successfully complete the professional program. Resolutions in situations where the grievance has been upheld may include student reinstatement, student reassignment to another class or lab, or other corrective action(s) for the benefit of the student.

Corrective action against COPH faculty is under the purview of the Dean of the College of Public Health in coordination with the chair (or the Dean's designee in a case where the chair is the involved faculty) of the College of Public Health in coordination with the chair (or the Dean's designee in a case where the chair is the involved faculty) of the College of Public Health. The COPH dean in collaboration with the Dean of the college of the faculty's primary department.

COPH faculty are defined as all faculty who hold an appointment of more than 50% FTE in the COPH and part-time faculty whose entire academic appointment is in the COPH. If the faculty involved holds 50% or less FTE in the COPH and part-time faculty whose entire academic appointment is in the COPH. If the faculty involved holds 50% or less FTE in the COPH or holds 50% or less FTE in the COPH and part-time faculty whose entire academic appointment is in the COPH. The COPH dean in collaboration with the Dean of the college of the faculty's primary department will determine the process. This procedure does not supersede the policies contained in the UNMC Faculty Handbook, and any corrective action will be consistent with those policies. Appropriate corrective action will be taken where the grievance has been upheld by a preponderance of evidence. COPH professional students have the right to file a written complaint to the UNMC Faculty Senate Professional Conduct Committee chair if they are not satisfied with the grievance panel resolution.

Retaliation against student complainants or others involved in the grievance process is strictly prohibited. Incidents of retaliation by faculty members will be referred to the Faculty Senate Professional Conduct Committee for further investigation and disciplinary action.

Students who make any intentionally false accusations and/or misleading complaints against University faculty will be subject to
appropriate disciplinary action by the COPH Dean in consultation with the chair of the faculty member’s primary department.

Procedure

Informal Resolution

At any stage in the informal process the Student Ombudsperson (Dr. David Carver, 402-559-7276, dcarver@unmc.edu) can be consulted as an independent, neutral, informal and confidential consultant. The Ombudsperson can provide additional information and clarification on University policies and proceedings, assistance in facilitating difficult conversations, and guidance in prioritizing options for dealing with the problem. The Ombudsperson will also report ongoing trends in student grievances, while maintaining students’ confidentiality, to campus administrators including the Dean of the College of Public Health and the UNMC Chancellor.

In most cases an initial attempt should be made to address the issue through an informal resolution process.

Course of Action

1. It is recommended that the first course of action is a discussion between the student and the involved faculty member to resolve the issue.
2. If discussion with the involved faculty member is not possible or effective, the student should discuss the issue with the chair of the faculty member’s primary department.
3. If discussion with the department chair is not possible or effective: the student should discuss the issue with the COPH Director of Masters Programs.

Without Proceeding to Formal Complaint

If the issue cannot be resolved informally, and the student wants to summarize the incident without proceeding to a formal complaint, this may be done through one of two mechanisms. However, the COPH Associate Dean for Academic and Student Affairs will inform the student that the recourse will be limited without filing a formal complaint.

1. Unwritten Summary
   Student vocalizes a summary of the issue with the Student Ombudsperson. (Dr. David Carver, dcarver@unmc.edu, 402 -559 -7276)
2. Written Documentation
   Student sends written summary to the COPH Associate Dean for Academic and Student Affairs who will keep this documentation in a confidential and secure file.

Proceeding to Formal Complaint

If the issue cannot be resolved informally, and the student wants to proceed with an investigation of the incident(s), then the complaint may move to the formal procedure as follows. If the grievance is ongoing or involves a particularly sensitive matter, the grievant is encouraged by the COPH Associate Dean for Student Affairs to submit his/her complaint as soon as possible.

Formal Resolution Procedure

Filing a Complaint

The complaint must be submitted electronically to the COPH Dean and the COPH Senior Associate Dean within 60 class days* after the incident occurred or 60 class days after informal resolution procedures have failed.
