

# INCLEMENT WEATHER POLICY

---

## Inclement Weather Policy

---

### Policy Scope

This policy applies to all Diagnostic Medical Sonography (DMS) students.

---

### Policy Statement

UNMC, as a health sciences center, has a number of activities that must be kept operational regardless of weather conditions. The entire UNMC campus will to be considered open and operational, even when other University of Nebraska campuses and area businesses may be closed, see CAHP Inclement Weather Policy (<https://www.unmc.edu/cahphandbook/images/a/a3/Cahp-inclement-weather-policy-2020.pdf>).

If a student feels they are unable to travel to a clinical site or campus, it is the student's responsibility to contact the program director. Detailed information about missed clinical and class time can be found in the DMS Student Guidelines Canvas Course.
