RESIDENCY POLICY

Nebraska Residency Requirements

It is important that students who are making plans to attend the University and who are not Nebraska residents are familiar with the effect residency policies may have on their financial preparation for attending the University.

All students who did not graduate from a Nebraska high school or who have not lived in Nebraska for a period of time long enough to determine resident status will automatically be classified as non-residents.

Students who qualify for any of the residency categories listed below should login to complete and submit the University's Application for Residency Classification for Tuition Purposes (https://csprodnu.nebraska.edu/psc/csprodnu/NBX/HRMS/s/WEBLIB_ENTREDIR.ISCRIPT1.FieldFormula.IScript_Redirect?nba-product=EF&cref=NBA_NVCS_DS_EFORM_RESAPP).

The last day to qualify for residency for a semester is the last day of registration (6th day of the semester). All students must register and enroll in classes for the term in which residency is sought. Failure to register for the term for which residency is sought will result in the cancellation of the residency application. Applications determined to be incomplete after the last day to apply will be voided.

To apply for a subsequent semester or term, one must submit a new application and provide appropriate updated support documentation.

A student applying for residence for any semester or term will be required to have established a home in Nebraska at least 12 months immediately preceding the term or semester for which residence status is sought.

An individual who moves to Nebraska primarily to enroll in a post-secondary institution in Nebraska will be considered a non-resident for tuition purposes for the duration of his or her attendance. Enrolling more than half time (7 semester hours or more) in a post-secondary institution in Nebraska will be considered strong evidence that an individual moved to Nebraska primarily to enroll in a post-secondary institution in Nebraska.

The student would therefore be considered a non-resident for tuition purposes for the duration of his or her attendance at the University of Nebraska Medical Center.
