

EQUIPMENT

OSCE or in the clinical environment, please contact Dr. Amy Cutright (amy.cutright@unmc.edu).

The following physical exam equipment is required or recommended for purchase for medical students. These recommendations are based on a survey of directors of blocks, clerkships and tracks for all four years of medical education. Full details of the survey are available on request.

Equipment requirements **are subject to change** if determined by the block (course) director.

Required Physical Exam Equipment

Students are required to purchase a personal stethoscope and download a flashlight app on their phone for use during physical exam.

Recommended models of stethoscope:

- Littmann Cardiology IV (<https://tinyurl.com/y2d8xwoq/>)
- Littmann Master Cardiology Stethoscope (<https://tinyurl.com/yxa94ccq/>)
