

# AWAY ELECTIVES

---

The University of Nebraska Medical Center College of Medicine (COM) is a participating institution in the Visiting Student Learning Opportunities (VSLO) program. The VSLO program application service facilitates the application process for COM students in Phase 3 to apply for away electives at Host institutions.

Students may participate in a **maximum of three (3) away electives** unless otherwise approved by the Curriculum Committee. Away clinical electives meet criteria for sub-internship rotations. The ability to participate is dependent on the presence of a valid affiliation agreement with the external facility at the start of the rotation.

**Find an away elective (<https://vslo.aamc.org/vslo/#/elective-search?instId=149>).**
