

BSN TRADITIONAL

Admission to the BSN Traditional Program

The BSN Traditional Program is a 4-semester program over two years with no summer classes. Alternate progression plans with the same courses may be available as needed. Students who have met the requirements for admission to UNMC can apply through NursingCAS (<http://nursingcas.org/>), a centralized application service for students applying to registered nursing (RN) programs at all levels. Students who have a Bachelor's degree may apply for the Traditional and/or the Accelerated tracks.

Admission to the College of Nursing is a competitive process and is based primarily on your campus preference, the GPA of the required prerequisite courses, the total number of prerequisite courses completed at the time of the application, the receipt of positive references, and a personal statement. A preadmission interview may be requested. See the Undergraduate Admission Requirements Policy (5.2.3) in the Student Policies section for details.

Students Whose First Language is not English

For applicants whose native language is not English, the Test of English as a Foreign Language (TOEFL), the International English Language Testing System (IELTS) or the Pearson (PTE) is required for admissions. Test results must be recent (within five years prior to applying to UNMC). See the English as a Second Language - Undergraduate Students policy (5.2.5) in the Student Policies section for details.

Transfer Credit

The College of Nursing may accept transfer credit earned in an accredited college. The College is the final authority on granting transfer credit and determining how transfer courses and credits apply toward a degree in nursing. Transfer credits are recorded with no grade or quality points assigned. Grades from transfer courses may be considered for admission purposes. See the Undergraduate Transfer Credit Policy (5.2.8) in the Student Policies section for details.

Admission Key Dates for Fall Starts (all divisions)

- Application Opens: September 1
- Application Due: February 1
- Program Start: August

Admission Key Dates for Spring Starts (Kearney and Lincoln divisions)

- Application Opens: March 1
- Application Due: July 1
- Program Start: January

BSN Program of Study Information

Note: The BSN curriculum will continuously evolve to offer superior preparation for the changing demands of modern nursing. Course numbers, titles and other details are subject to change.

BSN Program of Study for Students Enrolled Beginning Fall 2024
