	Reviewed: September 2020

Policy

1. The minimum enrollment for all courses is five students. Any exceptions to the minimum enrollment figures requires the approval of the appropriate Division Assistant Dean, the Program Director, and Associate Dean for Academic Programs.
2. Individual faculty members may not make independent decisions to close enrollments in undergraduate or graduate courses. When it appears that excess enrollment is developing, the appropriate Division Assistant Dean will communicate with the appropriate Program Director and Associate Dean for Academic Programs.
