Appendix V Proctoring Process for  
Off Campus Examinations

---

### Purpose

The purpose of the Proctor Policy for Off Campus Testing is to provide consistent guidelines and criteria for faculty and students who are using proctors for off campus examinations.

### Policy

1. Any student requesting consideration to complete examinations off campus must select a proctor according to instructions provided by the course coordinator.
2. The course coordinator is responsible to orient proctors to their responsibilities.

Information on the process of obtaining, orienting, and using proctors can be found in Appendix V.
